Roxtec ComShelt –
for cables and pipes

Flexible and easy to use
The new Roxtec ComShelt entry
seal kit for cables and pipes is
designed for the telecom market
and combines flexibility with cost-
efficiency. The compression unit is
integrated in the frame.

Keeping out water and dust
The frame is available in two sizes
and made for bolting or riveting

onto shelters or cabinets. The seal
provides protection against water,
dust, insects, and rodents.

Multidiameter™ by Roxtec
Thanks to the Roxtec technology
based on sealing modules with
removable layers, each module can
be used to seal cables and pipes of
different sizes.

BENEFITS
- IP 55
- Integrated compression unit
- Weather proof
- Low weight composite (PA)
- Customized kit-solutions
- Adaptable to different sizes of cable

We Seal Your World™

Roxtec ComShelt S

Roxtec ComShelt S	Diameter range and number of cables/pipes		Weight		Holecut width x lenght (mm)	Art No.
